

## Directions to Eastport Analytics' Rosslyn Office

### Via Metro

Our office building is directly above the ROSSLYN Metro stop, on the **BLUE** and the **ORANGE** lines. Once you are off the train, go up the escalator and exit **LEFT**. Immediately after the fare card machines, bear right, go up the stairs and enter the Rosslyn Center shopping area. Find the office building elevator bank at the far end of the mall and go to the 17th floor. We are located in Suite 1705.

### From the West via I-66

Take the Rosslyn/Key Bridge Exit. Turn right onto N. Ft. Myer Drive at the second traffic light. Cross the traffic light at 19th Street. Then stay to your left on Ft. Myer Drive to go up the hill (do not enter the tunnel in the center of the road). Turn left to enter the parking garage at Rosslyn Center (just past the Metro Station sign). The parking attendant may insist that you enter on the opposite side of the building. If so, go around the block by turning left at the signal at the top of the hill onto Wilson Blvd, then left across the median at the first opportunity onto N. Moore followed by an immediate left into the parking garage.

### From the South via I-395(N)

On I-395 N, take Rosslyn Exit 8B toward Pentagon/Arlington Cemetery/Rosslyn/Memorial Bridge. Take the ramp toward Pentagon North Parking Entrance. After about 1.3 miles merge onto Jefferson Davis HWY/ VA-110 N. Turn left onto Wilson Blvd. toward Rosslyn. Turn right onto N. Moore (it's a side street, the first opportunity after crossing the N. Lynn Street traffic light). Make an immediate left into the MarcParc parking garage.

### From the North via I-395(S)

Take Rosslyn Exit 8B (Rt. 110 N) - you will pass The Pentagon on your left. After about 1 mile take the Wilson Blvd. exit (from the left lane). Turn right onto N. Moore (first opportunity after crossing the N. Lynn Street traffic light). Make an immediate left into the parking garage.
